FEATHERWEIGHT TOOL LIFTS, LOWERS, PULLS 1½ TONS

The rugged LUG-ALL winch hoist weighs less than 10 pounds, yet lifts, lowers and pulls 1½ tons a distance of 5 feet; lifts, lowers and pulls ¾ ton for 10 feet.

The LUG-ALL is used by maintenance men, installers, public utilities, factories, contractors, plumbers, etc., for such everydays tasks as opening box car doors, pulling boiler tubes, setting heating units into place, plus 101 other uses.

The LUG-ALL is very versatile in "tight" places. Has reversible handle with built-in safety feature. Oiled-for-life bearings. The smooth running cable is pre-formed of 133 strand aircraft materials. Every LUG-ALL is factory pre-tested and GUARANTEED FOR ONE YEAR against defective workmanship and materials. Order your first LUG-ALL today.
